## Northwest Area (PL 3)

Fire Activity and Teams Assigned

## Totals

New fires:
New large incidents:
Uncontained large fires: 10
CIMTs committed: 3
Type 1 IMTs committed:
Larch Creek, The Dalles Unit, Oregon DOF. IMT 1 (ODF Team 2). Fifteen miles south of The Dalles, OR. Brush, grass and timber. Active fire behavior with group torching, isolated torching and wind-driven runs. Numerous residences threatened. Evacuations and road closures in effect.

Cow Valley, Vale District, BLM. CIMT (NW Team 6). Nine miles east of Ironside, OR. Brush and grass. Extreme fire behavior with wind-driven runs, short-range spotting and creeping. Numerous structures and sage-grouse habitat threatened.

Bonita Road, Vale District, BLM. Started on private land nine miles southeast of Ironside, OR. Brush and grass. Minimal fire behavior. Sage-grouse habitat threatened. Reduction in acreage due to more accurate mapping.

Pioneer, Southeast Region, Washington DNR. CIMT (NW Team 12). Started on private land 10 miles southeast of Stehekin, WA. Timber, brush and grass. Active fire behavior with uphill runs, flanking and backing. Numerous structures threatened. Evacuations, area, road and trail closures in effect.

Falls, Malheur NF, USFS. CIMT (NW Team 8). CIMT is also managing the Upper Pine fire. Twenty-six miles northwest of Burns, OR. Medium slash, timber and grass. Extreme fire behavior with wind-driven runs, running and spotting. Structures threatened. Evacuations, area and road closures in effect.

Upper Pine, Malheur NF, USFS. Twenty-three miles northeast of Burns, OR. Timber and grass. Minimal fire behavior with backing, creeping and smoldering. Area and road closures in effect.

Salt Creek, Medford District, BLM. IMT 1 (ODF Team 1). Five miles southwest of Butte Falls, OR. Timber and brush. Minimal fire behavior with isolated torching, creeping and backing. Residences threatened. Road closures in effect.

Shoofly, Okanogan-Wenatchee NF, USFS. Sixteen miles northeast of Skykomish, WA. Timber and brush. Minimal fire behavior with creeping and smoldering. Road and trail closures in effect.

* Lone Rock, Prinveville District, BLM. Started on county land 10 miles southeast of Condon, OR. Grass and brush. Extreme fire behavior with running, torching and spotting. Structures threatened. Area and road closures in effect.

Huntington, Vale District, BLM. Started on private land one mile east of Huntington, OR. Grass and brush. Minimal fire behavior.

## Predictive Services Discussion:

High confidence in isolated to scattered mixed wet and dry thunderstorms along and near the Sierra Crest extending into southern/eastern Oregon, the Great Basin, northern Rockies, Wyoming, and the Black Hills. Increasing confidence in at least a few, mostly dry thunderstorms for California's Central Coast as well as the Sacramento Valley Foothills. A few mainly dry thunderstorms may be ongoing Sunday morning across portions of central/northern California into southwest/south-central Oregon, while the coverage of mixed wet/dry thunderstorms broadly increases toward the West Slope of the Colorado Rockies. Isolated storms may continue into Sunday night and Monday morning in the northern Great Basin into southwest Montana.

Farther south, the monsoon pattern in the Southwest trending drier and less active, overall, with isolated to scattered mixed wet/dry thunderstorms mainly focused west of the Divide into northern Arizona. Few mixed wet/dry thunderstorms from southern California and the Mojave Desert may also trend wetter. Erratic and gusty winds of $45-50+\mathrm{mph}$ will be possible with nearly any thunderstorm in the West, but locally damaging downburst winds will be of particular concern from the Sierra Front, eastern Oregon into the Great Basin.

The heat will continue to build over the Rockies extending into the Great Plains, with very low RH spreading into the central High Plains. Record heat will become more widespread across Southern Area with a dry air mass contributing to RH as low as $25-35 \%$; IA will likely increase and large fires may become more likely in parts of MS, AL, TN, GA and SC. The rest of the Appalachians and Southeast will continue to dry out, as well.

Downslope warming and drying over Alaska's eastern Interior should last through the remainder of the weekend and into early next week; however much of the rest of the state will continue to have continued waves of wetting rainfall, heavy at times. A typically dry summertime trade wind pattern continues for Hawai'i. Frequent showers will continue to favor windward exposures and Mauka but trending wetter island-wide Sunday night into Monday.

## National Predictive Services Outlook

## 6 Minutes for Safety:

The 6 Minutes for Safety topic of the day is Hydration.

[^0]:    * McGhee, Rosebud County. Started on private land 26 miles southwest of Ashland, MT. Timber. Active fire behavior with spotting and isolated torching. Structures and sage-grouse habitat threatened.
