

**Incident Management Situation Report
Monday, November 4, 2024 – 0730 MDT
National Preparedness Level 2**

National Fire Activity (November 1, 2024 – November 3, 2024):

Fire Activity and Teams Assigned	Totals
Initial attack activity:	Light (112 fires)
New large incidents:	11
Large fires contained:	12
Uncontained large fires:	17
CIMTs committed:	2
NIMOs committed:	1

Nationally, there are zero fires being managed under a strategy other than full suppression. Uncontained large fires include only fires being managed under a full suppression strategy.

[Understanding the IMSR](#)

[IMSR Map](#)

This report will be posted Monday through Friday at 0730 Mountain Time unless significant activity occurs.

Active Incident Resource Summary

New fires:	26
New large incidents:	7
Uncontained large fires:	6
CIMTs committed:	1
NIMOs committed:	1

NIMO Team 1 has been mobilized to assist Disaster Recovery Staff with organizing a safe, efficient and orderly transition from response to recovery in all hurricane impacted areas across the Southern Region.

Hurricane Helene Support – NC, North Carolina Forest Service. CIMT (NC State). Primary mission is to coordinate emergency road clearing efforts, perform damage assessments and deliver commodities throughout western North Carolina.

***Hudson**, Texas A&M Forest Service. Started on private land 5 miles east of Bastrop, TX. Timber, brush and grass. Active fire behavior with group torching, wind-driven runs and spotting. Residences threatened. Evacuations and road closures in effect.

Rush, Wichita Mountains National Wildlife Refuge, FWS. Fifteen miles northwest of Lawton, OK. Timber, grass and brush. Minimal fire behavior with backing, creeping and smoldering. Numerous structures threatened. Area, road and trail closures in effect.

* **Red – Goblin**, Daniel Boone NF, USFS. Twelve miles southeast of Manchester, KY. Hardwood litter and light slash. Moderate fire behavior with creeping and backing. Precipitation occurred over the fire area yesterday.

* **South Road**, Osage Agency, BIA. One mile south of Pawhuska, OK. Grass and timber. Active fire behavior with flanking and creeping.

North Road, Osage Agency, BIA. One mile south of Pawhuska, OK. Grass and brush. Active fire behavior with flanking and creeping. Structures threatened. Reduction in acreage due to more accurate mapping.

Clara, Texas A&M Forest Service. Started on private land 7 miles west of Burkbennett, TX. Chaparral. No new information. Last report unless new information is received.

Predictive Services Discussion:

Northeasterly Santa Ana winds gusting to 50 mph are expected across southern California today and tonight, with relative humidity as low as 7% and poor overnight recovery. Scattered showers will continue in the Colorado Rockies and New Mexico, with snow above 6,000 to 7,000 feet. A fast-moving cold front will move into the Northwest, northern Rockies, and northern Great Basin today and tonight bringing light to moderate precipitation, with snow above 4,000 to 5,000 feet. Downslope westerly winds gusting to 50 mph will develop ahead of the front east of the Divide in Montana and Wyoming. A strong cold front will bring widespread wetting rain to the central/southern Plains and Mid/Upper Mississippi Valley. Strong to severe thunderstorms are expected ahead of the front across much of Missouri into western Arkansas, eastern Oklahoma, and east Texas. Dry conditions are expected in the Appalachians to East Coast, with temperatures warming closer to normal.
