

# NATIONAL INTERAGENCY FIRE CENTER

3833 South Development Avenue Boise ID 83705

DATE: March 1, 2025

TO: Agency Personnel

FROM: NIFC-Multi-Agency Coordinating Group

SUBJECT: 2025 National Interagency Standards for Resource Mobilization

Attached is the 2025 National Interagency Standards for Resource Mobilization. These standards are written to reflect the interagency needs of the user and formatted to accept local inserts.

The National Interagency Standards for Resource Mobilization states, references, or supplements policy and for Bureau of Land Management, U.S. Forest Service, U.S. Fish and Wildlife Service, National Park Service, and Bureau of Indian Affairs.

The signatory agencies have directed the National Interagency Coordination Center (NICC) with review and oversight from the National Multi-Agency Coordinating Group (NMAC) to annually revise, publish, and distribute the National Interagency Standards for Resource Mobilization by March 1, and issue errata to this document.

The National Interagency Standards for Resource Mobilization establishes the standards for mobilization and demobilization of resources in response to wildland fire and all-hazard events. It is the foundational document instituting overarching processes for total mobility of resources.

Suggestions for modification of the publication can be submitted at any time during the calendar year. The NICC will accept suggestions for changes either through your signatory agency, through your Coordination Center (GACC), or through established interagency organizations such as NWCG Committees, recognized interagency groups (CGAC, ICAC, etc.), and functional areas (NIICD, RAWS, etc.).

The NICC will present all recommended changes to NMAC for their final acceptance and approval. Explanation of the modification process, instructions on how to submit changes, and the change request form are located on the NICC website located at <https://www.nifc.gov/nicc/mobguide/index.html>
